

10/648,702  
April 27<sup>th</sup>, 2006  
Voluntary Amendment of 04/27/2006

Via Facsimile

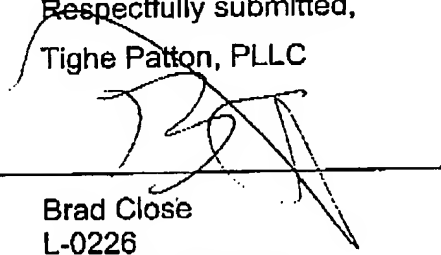

**Remarks**

This amendment is in response suggestions made by the Examiner to clarify the use of at least a first and second tag. Amendments were also made to claim 18 to clarify that it does not necessarily have to be the first tag that is harvested with the tree.

Respectfully submitted,

Tighe Patton, PLLC
